

DEARBORN 5K

60S EDITION

Virtually Real Run

How it Works

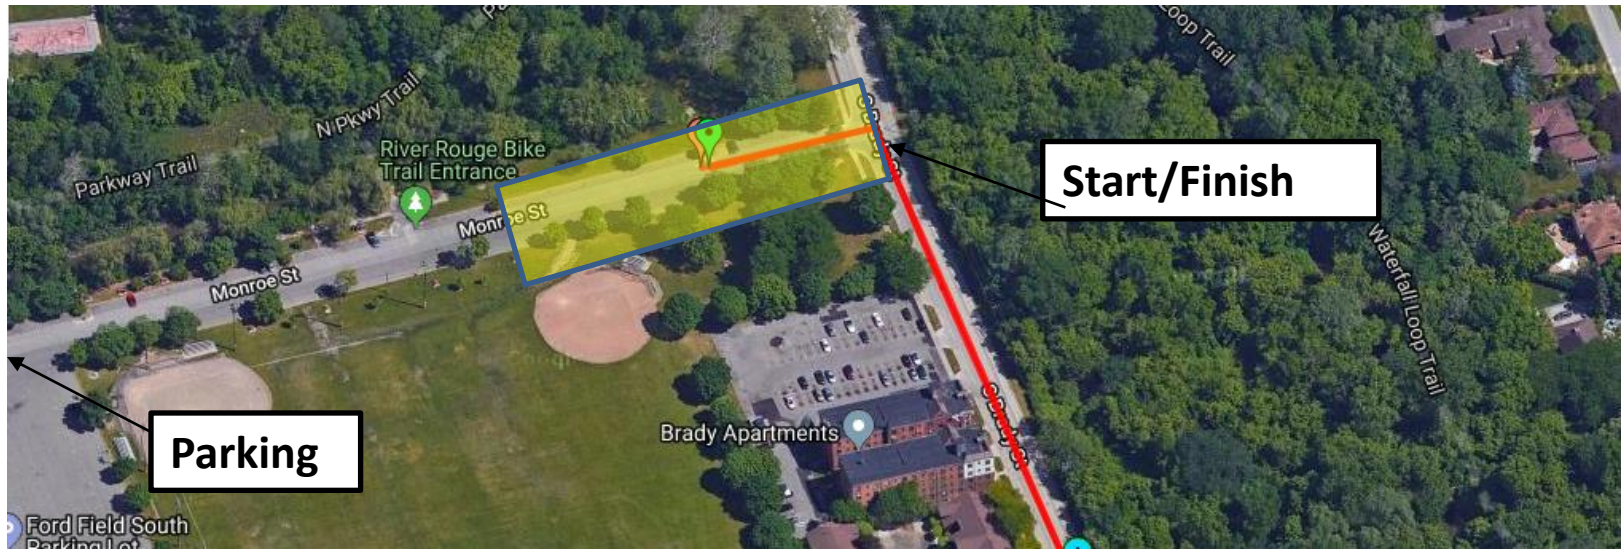

- Virtual Race
 - You may run a 5k from wherever you are anytime between 8/9/2020 and 8/17/2020
 - Submit your results on the race website [result's page!](#)
- Virtually Real Race
 - Join us at the original race location on August 9th to run a chip timed 5k on our modified course anytime between 7:30am – 12:30pm
 - Regular age group awards will be mailed out after the event!

Race Day Schedule – Aug 9th

- Packet Pickup: 7:30 am 11:45am (you may pick up whether you plan to run in person or not and can also pick up for friends)
- Run the designated course anytime between 7:30am and 12:30pm
- Course closes: 12:30pm

Parking

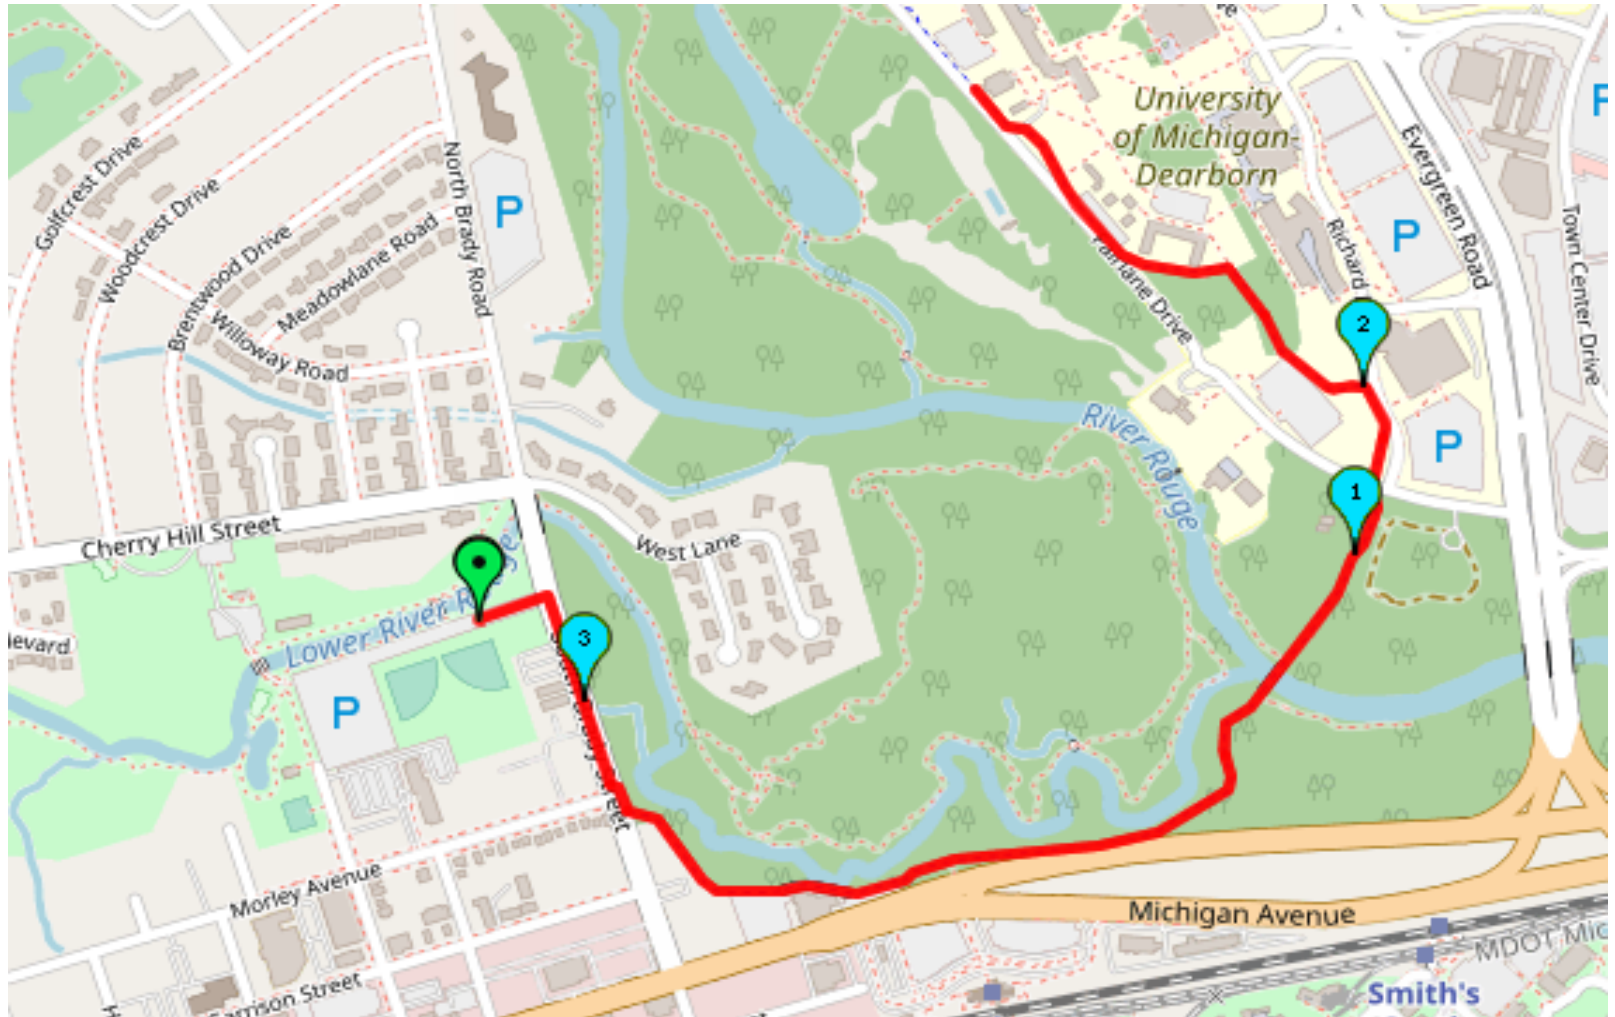

- You will not find closer parking than this one. Parking is available right at the start line. Just drive up, warm up, and run!

2020 Course

- We simplified the race course this year since athletes will be running it without police support or volunteers. This out and back course is relatively flat with two hills near the Rouge River
- This course is a beautiful, well shaded route that utilized the River Trail and sections of the U of M Campus.
- [Click here](#) to see the mapped course, and to download a GPX file that you can load to your watch
- There are a couple of road crossings on this course, so please be aware of traffic as this is an open course!
- We will mark the turns and miles on the course, but please make sure you know it before you start or carry directions with you.
- There will not be any aid on the course, so please plan to bring your own if you need it.

Course Map

Elevation Chart

- This is a very flat course with two small up and down hills. The first at mile .85 (up) and the second at 2.4 (up)
